LapCabby

New thinking in IT storage

DeskCabby | 12 USB

Charge Only

DeskCabby fits neatly on a desktop while still offering room for up to 12 USB - powered tablets, making it an ideal charging station for your office or classroom.

Stack up to three DeskCabbys on top of one another to maximise your storage space, or just use one to tidy away your stray devices. You can even connect your stacked DeskCabbys, which means you can charge and sync up to 36 tablets all at once using Cambrionix technology.

Reasons to Love LapCabby

No matter the device – We have a product to sync, store and transport them. Laptops, Chromebooks, Tablets, BYOD, 1:1, 2:1, 3:1 - we have you covered!

What you see is what you get – Our feature rich products come fully assembled and quite literally ready to roll…

Built from scratch – All our components are designed and manufactured in-house. We don't do off the shelf!

Lifetime warranty – On every LapCabby purchase - we know our design and build quality is unsurpassed!

Rapid delivery times – Our global network of partners spans 44 countries and all major continents - meaning no matter where you are we can get your LapCabby to you. Fast.

Friendly service – Just because we operate across the globe doesn't mean we have compromised our customer centric ethos.

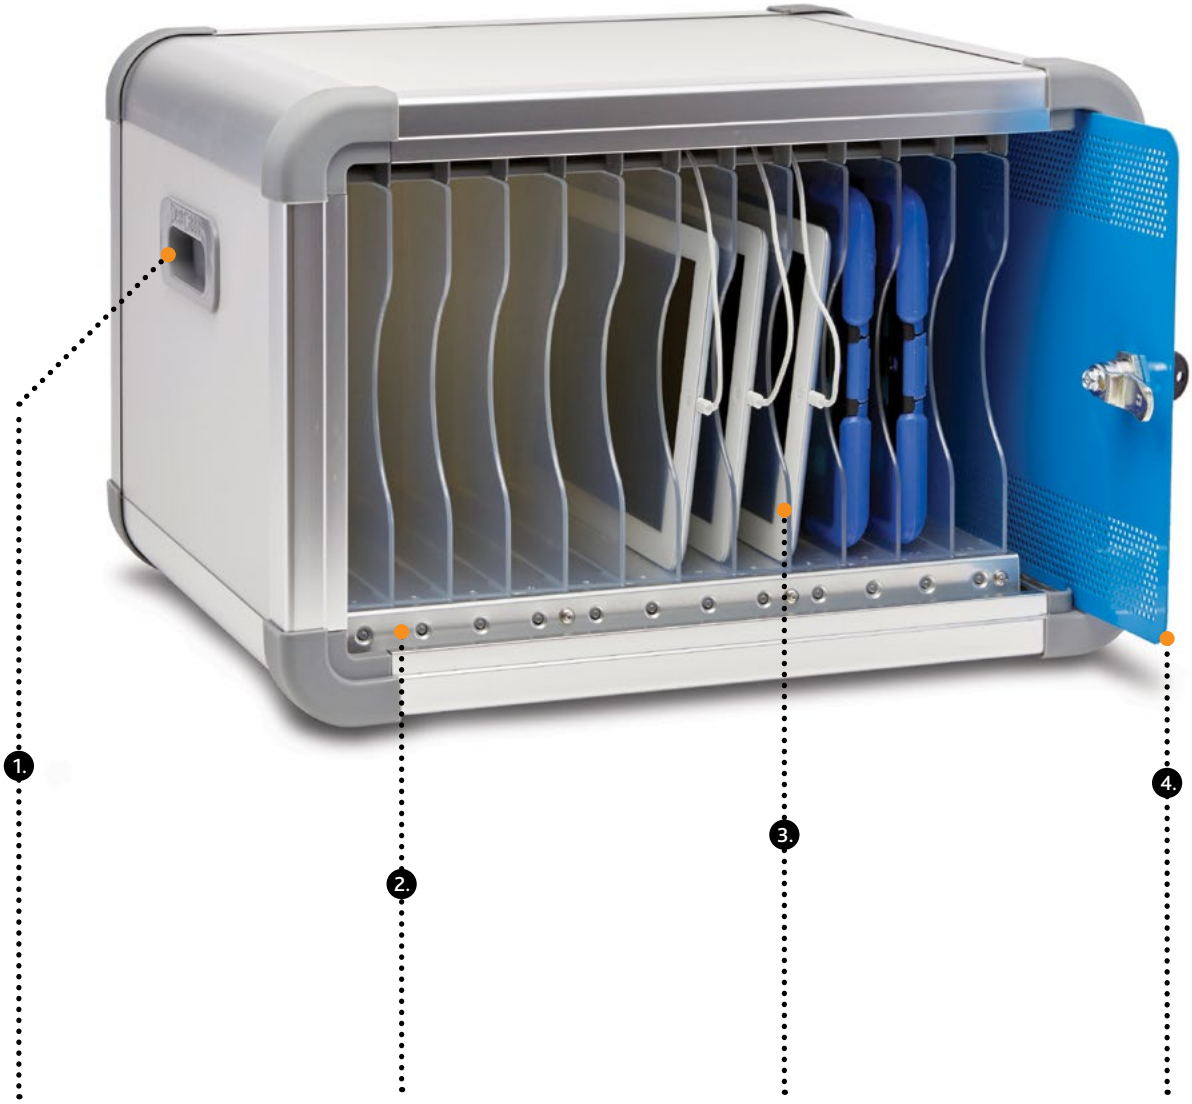
DeskCabby | 12 USB

Charge Only



1.

Inset handles on each side allow easy lifting and moving. Alternatively, unit can be bolted down to secure in place.

2.

Store and charge12 USB devices up to 11". Intelligent charging recognises the make and model of each device and provides the exact rate of power according to the device manufacturers instructions, never over/under charges. Detects when device is fully charged and ceases to provide power.

3.

Individual vertical charging compartments accommodate tablets with and without cases including Otterbox, Griffin Survivor and Folio cases (see compartment dimensions).

4.

Retractable front door allows full access to devices.

5.

Stack and connect up to three DeskCabby units to store and charge as many as 36 tablets.

6.

LED display indicating red when charging, green when fully charged, all visible through the perforated door.

7.

DeskCabby can be locked during charging, internal fan keeps devices cool.

8.

USB cables are connected in the rear locked compartment and fed through channels to the front device storage compartment, keeping cables and USB ports safe from damage. No third party cables necessary, use the cable that comes with the device for efficiency.

9.

IEC power cable plugs into the mains and are designed to snap out if pulled away from the wall, preventing damage to the unit or any nasty trips.

DeskCabby | 12 USB

Charge Only

	Code	Number of Devices Can Hold	Unit Dimensions	Device Compartment Size
DeskCabby Charge Only	DESCKCAB12CO/USA	12	W495 x D400 x H330mm 19.5" x 15.7" x 13"	W30 x D300 x H220mm 1.2" x 11.8" x 8.7"
Materials	Laminated ply cladding, aluminium extrusions			
Finishes / colours	LapCabby loves a splash of colour! Trolleys can be personalised to match school colours, differentiate trolleys for different subjects or grades or just for fun! Classrooms are colourful - why put up with a black or grey square box? Blue available for the DeskCabby			
Safety	All products are tested to the highest standard worldwide. USA: UL 60950-1/R:2011-12. Canada: CAN/CSA C22.2 No. 60950-1/A1:2011-12. Europe: EN 60950-1/A12:2011. Safety testing is a high priority to LapCabby. We don't release any products unless the unit has been completely certified including electrics, materials, construction and components. Leading safety testing house we test the normal operating conditions of the product but also for faults, misuse, temperature, fire risk, electric shock and injury			
FREE shipping	All our prices INCLUDE shipping! (For UK and US only)			
Fully assembled	Our products are delivered fully assembled. Or as we say ready to roll			
Future proof	U12 USB board allows for firmware updates which means as you update your devices, you can do so with confidence that your product will still be compatible with upgradable firmware built into the board			
Cable management & ease of wiring	Cables cannot be removed from the front of the unit, preventing cables from going missing. Charges and syncs devices using the cable supplied with the device, not inferior cables that aren't designed to last			
Usable top surface	Yes			
Testing certifications	Safety tested to the highest level worldwide			
Lifetime warranty	Lifetime warranty on all products and components, 5 years warranty on electrics. Product support for life! LapCabby offers the best warranty on the market (with no small print to consider. We make it easy to understand and we support our end users for the life of the product!)

About LapCabby

Clever technology solutions that tick all the boxes

At LapCabby we understand that when it comes to storing and charging your devices you want something that looks good, won't let you down and above all is safe. We've been established over 20 years and in that time have worked tirelessly to develop products that meet the complex needs of a multitude of industries.

Our products may have changed over the years, the team has certainly got bigger and our company has gone from strength to strength, but our passion remains the same. Our commitment to customer satisfaction and high-quality products has earned us one of the best reputations in the industry. We pride ourselves on outstanding customer service and being available to our trusted partners all over the world whenever they need us. As a family run business, we rely on our team of great people to do this.

As technology has evolved, so has our product range. From laptops and chromebooks to tablets and mini devices, we've developed unique solutions to meet the specific needs of your devices. We recognise that technology is ever changing and therefore build products that will serve you well in to the future.
